

FOR IMMEDIATE RELEASE

OFFICE MASTER, INC. CELEBRATES 25 YEARS

Seating company looks forward to 25-year anniversary on Friday, March 18, 2011

Ontario, California – March 14, 2011. Mid-market seating manufacturer Office Master, Inc. of Southern California is preparing to celebrate its milestone 25th year, and the yearlong celebration officially kicks off this coming Friday.

The company plans to mark the event first with an internal celebration thanking its staff and then later this month with the formal introduction of the innovative, new OM5 Series™ chair.

“We’re very excited about passing this milestone and will reach out in the coming months to truly thank our customers for entrusting us with solving their seating needs over the years,” said company president, Wallace Hwang. “But, relatively speaking, we’re still a fairly young and customer-focused company and I would say that this birthday simply reinforces what I’ve been saying for a while now: That we’re still small enough to care about each order, while large and experienced enough to handle any sized order.”

Founded on March 18, 1986, the company started by producing value-oriented, ergonomic seating out of a small facility in San Diego. Since that time, the company has experienced steady growth and last year completed construction on an efficient and green 102,000 sq ft. headquarters located in Ontario, California.

Today known as the home of *Smart Seating Solutions*, the company has developed its line significantly over the years into a broad offering of comfortable and high-quality, situation-appropriate seating that is capable of meeting the majority of today’s seating needs.

With an impressive client list that already features many well-known corporate, healthcare, education and government names, the company is poised for even greater success and growth in the years ahead as it continues to push for improvements in both its own line as well as in the contract seating market as a whole.
