Multiple factors affect fabric durability and appearance retention, including end-use application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

**REPREVE®**

Your choice of **comfortknit** and/or **architect** can help save the planet...How? OM has partnered with **Repreve®** to use reclaimed plastic bottles in the construction of these two upholstery patterns. So, with your help we can save up to 22 x 500 mL bottles per chair from ending up in landfills. Look good, feel good.

**Additional Notes**

Individual samples available. Please send requests to [samples@omseating.com](mailto:samples@omseating.com). Manufacturers will always attempt to ship to a satisfactory commercial match. Because of industry standard dye lot variation, colors may not match exactly. Specifications are correct at time of printing and are subject to change without notification. Additional specifications may be available by contacting OM.
