

OM5[®]

The evolved OM5® is a complete collection of seating that features a wide range of choices for every productivity, healing and learning environment.

Additional OM5® Styles:

Midback Polyflex

Highback
Executive Polyflex

Stools

Gaming

-
- Custom-created mechanism that intuitively responds to a user's shifting weight, allowing for hands-free adjustments without fumbling of mechanism paddles
 - Mesh Highback available in 8 playful two-tone colors. The blended weft yarns created with a higher ends-per-inch count, minimizes plastic feel of standard meshes
 - 2 Polyflex sizes – Midback and Executive Highback with an optional upholstered back
 - 2.5" adjustable seat depth along with virtual and upright lockout capabilities
 - Field-removable seat that can be easily swapped by hand without any tools
 - Optional Bilateral Lumbar Support™ system that independently responds and calibrates to fit each user's needs
 - Designed by Francisco and Nadine Romero of Phidesign
