Besides the stools shown on this page, the AF413 (page 11), AF513 (page 20), DB52 (page 46), YS73 (page 174) contain the same "CLS control" and GSP understructure (i.e., 8" cylinder, fixed footing Spider base, 65mm dual-tone soft casters).

Chairs that are equipped with the GSP (Grande Spider Package) -- such as the CLS models on this page -- may be upgraded to a TLPKG option instead. The charge to do so (from a GSP) is **+\$55.56 list**, and the part code to do so is TLPKG.

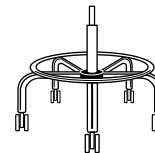

DESIGN STATEMENT The design of the CLS Series is based upon a wish list of features that come from various Facility Managers that we've talked to over the years. It has a sturdy base and a comfortable, trouble-free footing, an easy-to-use ratchet back, seat depth adjustment, back angle adjustment and oversized casters that can go anywhere.

The low-maintenance CLS Series is just what the Facility Manager (and the lab technician) ordered!
